<td><strong>Overnights</strong> Move Out &amp; Sleep Out</td>
<td>One or two nights away to a location less than 3 hours from the troop’s meeting place. These short trips can be just long enough to get Girl Scouts excited to travel, but not long enough to create homesickness. Accommodations may include hotels, museums, state parks, campgrounds, or Girl Scout properties.</td>

| National Trips Adventure Out | Travel anywhere in the country, often lasting a week or more, more than 6 hours from the troop’s meeting place (by car), with Cadettes and older Girl Scouts. Try to steer clear of trips girls might take with their families and consider locations that offer an educational component, such as incredible cities, historic sites, national parks, and museums around the country. These trips are an opportunity for Girl Scouts to lead the entire planning process, and even add in a community service or Take Action Project. | For each Girl Scout:
