You will receive confirmation of your date and times when facilitators have been secured for your program. Please understand we work with part-time facilitators with varying schedules. *We do our very best to meet your date requests, but some dates are harder to fill than others. If your request cannot be fulfilled, we will contact you at least 2 weeks before your requested date to talk about alternatives or offer you a full refund.*

All activities are rain or shine.

TIPS:

- We start planning for our spring season at the beginning of March. If you complete the request by the end of February we can include your facilitator request in our large email out to our part-time staff for the spring season work opportunities.
- Fall requests need to be submitted by August 15th in order to be included in our email out to part-time staff.
- Check online for council programs happening the same weekend of your encampment. There may be other programs going on at your site that your Girl Scouts could register for. This will also tell you that there may not be as many facilitators available that weekend if there are multiple programs happening at other sites
