

# Employee Engagement Opportunities

We offer many ways to encourage your employees to give back and stay engaged. As the largest girl-serving organization in Massachusetts, your employees can make a difference for our 20,000 Girl Scout members or 4,500 volunteers across 178 communities.

## Volunteerism

One-day group opportunities are available, like camp clean up, painting, and set up days. Individual skill-based and ongoing opportunities like serving on committees, mentoring Girl Scouts, or supporting a local troop, are also available.

## Host a Supply or Fundraising Drive

Have your employees come together around a common cause to donate supplies or to raise funds for Girl Scouts from under-resourced communities. GSEMA can provide a list of current needs, and create custom campaign resources and materials.

## Team Run Like A Girl Scout

Have runners on your team? They can join Team Run Like a Girl Scout at the ASICS Falmouth Road Race! (August)

## Attend an Event

Bring your employees together to network at one of our signature events, like Cookies & Cocktails in November or Leading Women Awards in March. Your team can also host a hands-on learning activity at our annual STEM Fest in May!

next page

## Compete as a Team

Send a company team to compete with GSEMA staff at our Girl Scout Wooden Car Race or the Amazing Girl Scout Race scavenger hunt! These teambuilding days are not only a blast but also help us prepare for the youth version of these events.

## Support the Cookie Program

Buy-out a local Girl Scout troop's Cookie booth for a day, or sponsor a local troop to host a booth at your location. You can keep the cookies for your employees, or donate them to a local organization in need through our Share the Love Campaign (December-March).

## Collaborate on an Initiative

We offer corporate partners a diverse menu of visibility and benefits, and a variety of corporate volunteerism opportunities, making it easy for your company to find the right fit for your team's interests and abilities.

*Costs vary by program and event, and there are no-cost options available. We are happy to customize experiences to meet the interests of your team. Traditional event sponsorship opportunities are also available.*
