Gaining Access to Digital Cookie (DC)/Smart Cookies (SC)

One form needs to be received by Council in order to activate the Service Unit login emails for DC and SC:

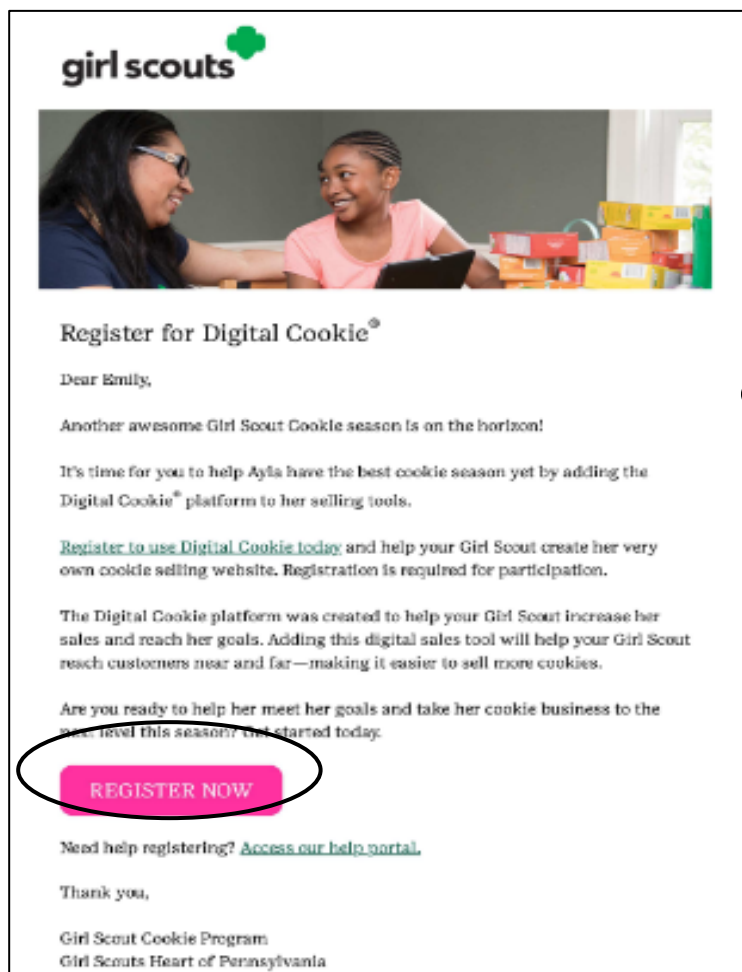

- [Service Unit Cookie Mentor Agreement](#)

If you also have Troop role(s), the following two forms will need to be filled out as well:

- [Troop Cookie Coordinator Agreement](#)
- [Troop Bank Information Form](#) – if submitted for the Fall Program, this will NOT need to be re-submitted; it will be carried over automatically into the Cookie Program

Once all forms have been received, and Council verifies your membership and background check, we will create you as a user and automatically-generated emails from noreply@girlscouts.org (for DC) and noreply@abcsmartcookies.com (for SC), will be sent.

Important! DC logins are sent to the email address listed in your MyGS account, while SC logins are sent to the one included on the form. For ease of use in the future, it is recommended that these be the same.

The image shows an email template for Girl Scouts of Heart of Pennsylvania. At the top is the Girl Scouts logo. Below it is a photo of two girls, one with glasses and one without, sitting at a table with cookie boxes. The main heading is "Register for Digital Cookie®". The email is addressed to "Dear Emily," and mentions "Ayla" as the girl being helped. It explains that the Digital Cookie platform is a tool to help girls sell cookies online. A pink button labeled "REGISTER NOW" is circled in red. At the bottom, there is a link to "Access our help portal" and the text "Girl Scout Cookie Program" and "Girl Scouts Heart of Pennsylvania".

Register for Digital Cookie®

Dear Emily,

Another awesome Girl Scout Cookie season is on the horizon!

It's time for you to help Ayla have the best cookie season yet by adding the Digital Cookie® platform to her selling tools.

[Register to use Digital Cookie today](#) and help your Girl Scout create her very own cookie selling website. Registration is required for participation.

The Digital Cookie platform was created to help your Girl Scout increase her sales and reach her goals. Adding this digital sales tool will help your Girl Scout reach customers near and far—making it easier to sell more cookies.

Are you ready to help her meet her goals and take her cookie business to the next level this season? Get started today.

Digital Cookie

Terms and Conditions for Parents/Guardians of Girl Scouts
Effective July 30, 2014
Updated August 10, 2022

Welcome to the Digital Cookie® program! Parents/Guardians must agree and adhere to the below terms and conditions ("Parents/Guardians Terms & Conditions") in order for their Girl Scout to participate in the Digital Cookie program.

The Digital Cookie program is an opportunity for your Girl Scout to create her own Digital Cookie site where her customers can purchase cookies online. Girl Scouts will also be able to download the Digital Cookie mobile application which will enable Girl Scouts to access the Digital Cookie platform to process cookie orders via a smartphone or tablet (the "Digital Cookie Mobile App"). Girl Scouts will also learn and practice the five business skills (goal setting, money management, people skills, decision making, and business ethics) in a modern digital setting.

In addition, because your Girl Scout will be involved with managing and entering information associated with the program online, please carefully review the Privacy Policy before agreeing to these Parents/Guardians Terms & Conditions.

Your agreement to these Parents/Guardians Terms & Conditions constitutes your consent to the [Privacy Policy](#) and consent that your Girl Scout may participate in the Digital Cookie program.

I will keep my Girl Scout safe during her participation in the Digital Cookie program:

- I will review the [Girl Scouts Digital Cookie Pledge](#), [Computer Online Safety Activity Checkpoint](#), and [Girl Scout Promise](#), I understand and acknowledge that if I do not follow these Parents/Guardians Terms & Conditions or if my Girl Scout does not comply with the [Girl Scouts Digital Cookie Pledge](#) or any of the materials referenced therein, including the [Internet Safety Pledge](#), my Girl Scout's participation in the Digital Cookie program may be terminated.

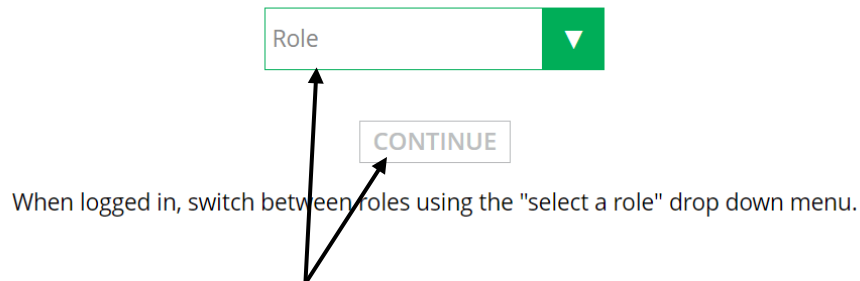

☐ I, Christina Williamson, accept the Terms and Conditions.

[Cancel](#) [Continue](#)

Once you have accepted the agreement, you can click the ["Continue" button](#) that would no longer be grayed-out, and that will bring you to the Service Unit Dashboard for Digital Cookie.

You may also be prompted to select the role you will be logging into (if applicable):

Select the role you would like to view

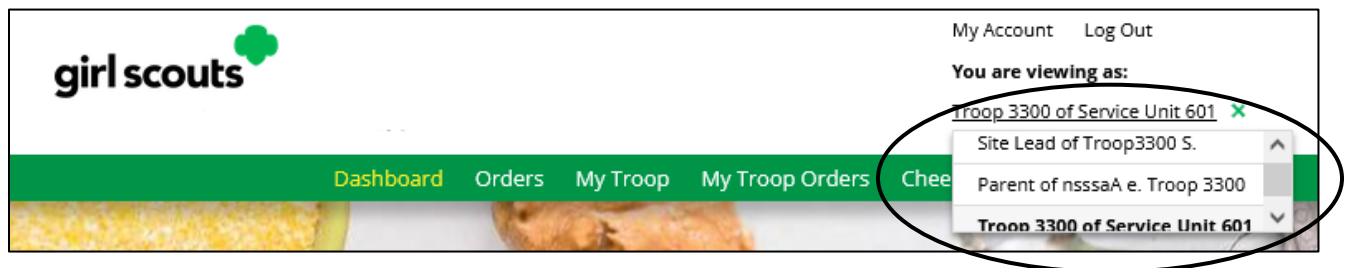

Once the Role is selected, click the “CONTINUE” button to access that user-specific dashboard.

Note: In the case of a Troop User, you may come across a role designated as “Site Lead”. The role has all of the access of the typical Troop user, but with the added function of setting up the Troop’s site so that the sale can be effectively started for the Troop. There can be only one Site Lead for a troop at one time, but it can be changed to anyone with access to the Troop-level as needed.

Switching Roles in Digital Cookie (if applicable)

To switch roles, if you have multiple, at the top-right of the page (below “You are viewing as:”), click the link that lists the current role you are logged in as and a box will appear that will allow you to select the role you would like to switch to:

You've successfully registered!

Let's get started with your Girl Scout Cookie Program, Travis! Go to www.abcsmartcookies.com to login!

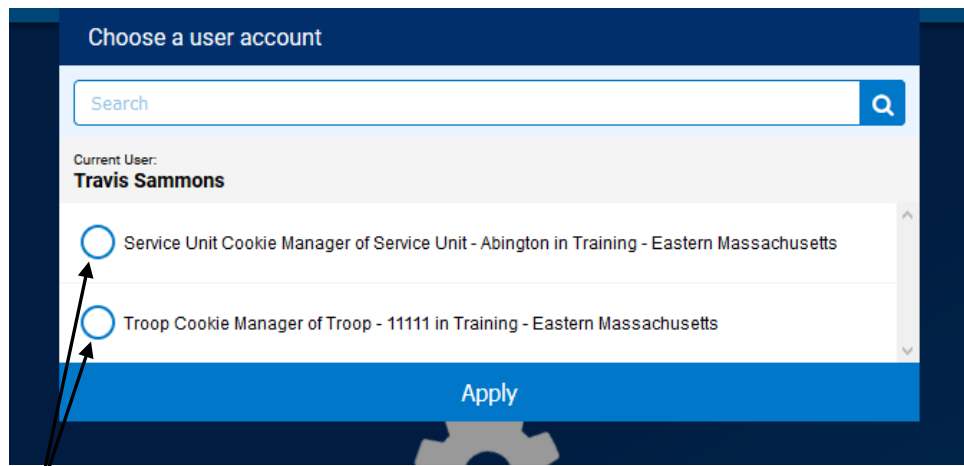

Logging into Smart Cookies

Click the link on the registration page (<https://www.abcsmartcookies.com/>) to go to the homepage for the Smart Cookies System:

Login with the email as your username and the password you selected during the registration process and click “Sign In”.

Note: If you only have one role (user for a single Service Unit), you will go directly to the dashboard for your Service Unit. If you have multiple roles (e.g. Service Unit Mentor with troop(s)), a window will appear prompting you to select which role you will login as at this time:

Click the radio button next to the role you will login as and click “Apply”. Now you will be taken to the dashboard for that role.

Switching Roles in Smart Cookies (if applicable)

To switch roles, if you have multiple (see previous page), there is a person icon in the top-left of the page:

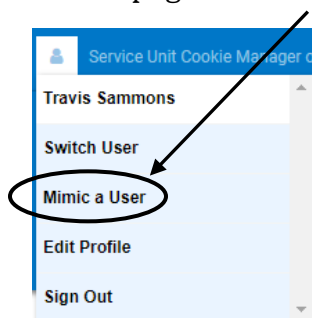

Once clicked, you will have the option to “Switch User” (change roles), “Mimic a User” (see below), “Edit Profile” (change personal information), or “Sign Out”. Click “Switch User” and the previous prompt will appear once again to select a different role. Click “Apply”, and you will be taken to that role’s appropriate dashboard.

Mimic a User (if needed)

The Mimic a User function allows you to go into a Troop profile, so you can see exactly what they are seeing. This is a great function if they have questions and you can walk through it together.

Click the person icon in the top-left of the page and click “Mimic a User”:

Once clicked, it will bring you to a list of Troop users who have registered in Smart Cookies. Click on the name you would like to mimic and click the “Mimic a User” button:

Mimic a User

A prompt will appear confirming if you want to mimic this user. Click “Yes” to continue (or “No” to cancel), and you will be brought to their profile where you can navigate just like the Troop-level user would. Once completed, go to the top-left again and click “End Mimicking Session” and you will be returned to your dashboard.

Digital Cookie Service Unit Dashboard

Service Unit users have access to a high-level dashboard when they log into Digital Cookie. This way, they can monitor activity in this system, but the primary way of interacting during the Cookie Program will still be through Smart Cookies.

The top of the Digital Cookie dashboard shows a summary of orders placed, packages sold, and a breakdown of online sales, by variety, as a percentage of the whole:

The next section of the dashboard shows some campaign statistics, as well as, a breakdown by each type of sales avenue:

In the “Reports” section, you have access to an Order Data Report which shows you a summary of orders placed within a particular troop, and the details and statuses of each:

From the SU-view, this is mainly an informational chart, but you are able to interact with a few items. By clicking the email addresses in the Parent Email column, you are able to email the caregivers directly. You can also click their customer link (if setup by Girl Scout) which will take you to their online, customer-facing shop, and by clicking the number in the "# of Pkgs" column, you will be able to see a detailed breakdown of the Girl Scouts' sales.

Smart Cookies Service Unit Dashboard

The Service Unit Dashboard details, at a high level, the total activity for all the troops in your Service Unit.

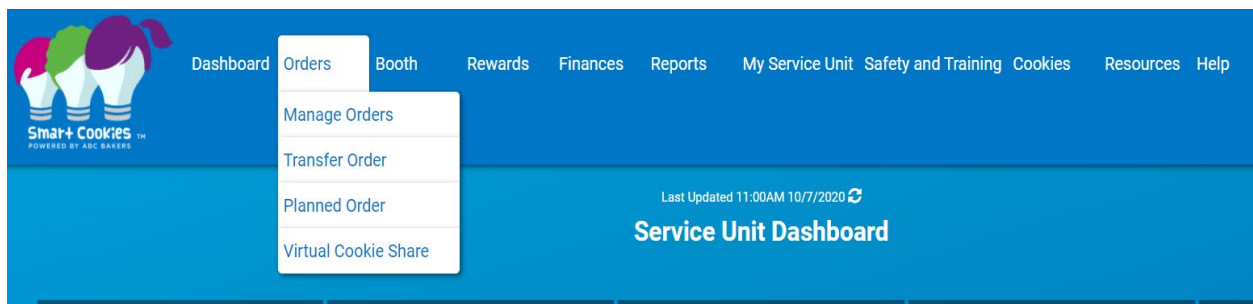

From this page, you can view:

- **Per Girl Average** – in Packages per Girl Selling; this year vs. last year
- **Initial Order/Transfers Sold** – Cases assigned to troops; this year vs. last year
- **Cookie Share (Donations) Sold** – in Cases; this year vs. last year

Navigating through Smart Cookies

To navigate through Smart Cookies, you will use the ribbon at the top of the page:

There are multiple sections of the database, each with their own set of sub-sections:

- Dashboard
- Orders
 - Manage Orders
 - Transfer Order
 - Planned Order
 - Virtual Cookie Share
- Booth
 - Schedule Booths
 - Troop Reservations
- Rewards
 - Manage Recognition Orders
 - Recognition Order
- Finances

- Reports
 - Current
 - Archived
- My Service Unit
 - Service Unit Info
 - Troops
 - Girls
 - Emails
- Safety and Training
 - Smart Cookies Training
 - Safety
- Cookies
- Resources
- Help

To go to each section, hover over each heading and click on the desired sub-section. “Dashboard”, “Cookies”, “Resources”, and “Help” are the only headers which also act as their sub-section, so all you will need to do is click them.

Next, we will discuss each section in more detail.

Service Unit Dashboard – see page 12

Orders

Manage Orders

The Manage Orders page collects every single type of order your troops have created throughout the entire length of the Cookie Program, except for Recognition Orders (***see pages 33-36 for details***).

The top section of the page details total amounts of cases during different phases:

Manage Orders			
<div>PLANNED</div> <div>Cases 83</div> <div>Total Value \$4,068</div> <div>Show Transactions</div>	<div>ORDERED i</div> <div>Cases 135</div> <div>Total Value \$6,508</div> <div>Show Transactions</div>	<div>SOLD i</div> <div>Cases 10</div> <div>Total Value \$540</div> <div>Show Transactions</div>	<div>ON-HAND</div> <div>Cases 124</div> <div>Total Value \$5,968</div> <div>Details</div>

- **Planned** – Orders currently in the system that have NOT been picked up as of now
- **Ordered** – Total amount of cases that have been picked up at the cupboard
- **Sold** – Cases assigned to Girl Scouts at the current time (transfers to Girl Scouts are done in packages and the system rounds up to nearest full case)
- **On Hand** – Total amount of cases in troop inventory, but not yet assigned to a Girl Scout

Note: The On Hand and Sold boxes should equal the Ordered box, but as mentioned prior, rounding may throw off the number a bit.

Below this section are the filters:

ALL	INITIAL ORDER	PLANNED	RESTOCK	TRANSFER	DAMAGED	COOKIE SHARE	DIRECT SHIP	CS DONATION
REFINE SEARCH								
Apply Search Parameters								

The types of filters are:

- **All** – selects every filter, no matter the order type, and makes them appear in the table underneath the filters
- **Initial Order** – order type not used by Council

- **Planned** – shows only orders that are yet to be picked up in a cupboard
- **Restock** – order type not used at Service Unit or Troop level
- **Transfer** – selects a specific type of transfer, or all transfer types, to view – click the down-facing arrow next to Transfer to select specific types
- **Damaged** – order type not used at Service Unit or Troop level
- **Cookie Share** – shows orders designated as Cookie Share – donations handled by Council
- **Direct Ship** – shows all orders that have been processed online through Smart Cookies Direct
- **CS Donation** – Council-level function; shows the recipients of Cookies for a Cause donations to Council partners

There is also a “Refine Search” feature which allows you to go even deeper into the filters and allows you to see all orders for specific troops and Girl Scouts, or from a specific cupboard.

After the desired filter(s) are selected, you would click “Apply Search Parameters” and all of the appropriate orders will appear in the table below the filters. You can also click “Clear all filters” to remove all of the selected filters and re-select.

The Manage Order table appears as follows:

You can then decide to search by a keyword, order number, or by date range (From/To). You can also view the orders in Cases, Packages, or Cases/Packages (e.g. 14 packages would appear as 1/2 – 1 case [12 packages] and 2 packages). All columns are able to be sorted as well, just click on the header.

Note: To view more of an order's details in this table view, you can click on any of the cells in the table and use the arrow keys to move left, right, up, or down. Otherwise, if you go to the bottom of the table and hover near it, a gray scroll bar will appear where you can view more details:

You can also view more details of the order by clicking the three stacked boxes to the far-right of the order row:

For certain types of orders, you can edit or delete them, as is the case for Girl Scout transfers, or view only, as is the case for Cupboard to Troop transfers (orders picked up in the cupboard) or Planned Orders (orders not yet picked up at the cupboard).

More details about Transfer types can be found on pages 16-19 and more details about Planned Orders can be found on pages 20-22.

Transfer Order

There are four types of transfers a Service Unit user can create:

- **Troop to Troop (T2T)** – giving packages to another troop
- **Troop to Girl (T2G)** – assigning packages to Girl Scouts for rewards
- **Girl to Girl (G2G)** – transfer packages from one Girl Scout to another
- **Girl to Troop (G2T)** – giving packages back to the troop from a Girl Scout

Troop to Troop (T2T) Transfers:

- Select “Troop to Troop” in the “Type of Transfer” box

- Click on the “From” row to select the Service Unit and Troop to transfer from – use the search box if needed; click “Apply”
- Click on the “To” row to select the Service Unit and Troop to transfer to – use the search box if needed; click “Apply”

- Put the number of packages you are transferring between the two troops, by cookie variety, in the “Packages” column

Note: Money is always transferred with the packages for T2T transfers. It is recommended that no money change hands physically, only the packages themselves. Once the transfer is done in the system, all money will be adjusted automatically. If money was taken for these cookies by the giving troop, the receiving troop would be debited for money they do not have, essentially being double-charged for the same cookies. If this occurs, a financial adjustment will need to be made at the Council level to take care of the money changing hands.

- Once the packages are entered, you can add any order notes (optional) and then click “Save” to complete the transfer.

You can then print a receipt for your records, go to the Manage Orders page, or click “Make Another Transfer” to stay on the page and do another transfer.

Note: The troop receiving the transfer will receive an email confirming the transfer has been done and the cookies now belong to them and are financially responsible at this point.

Troop to Girl (T2G) Transfers:

- Select “Troop to Girl” in the “Type of Transfer” box
- Select the Service Unit and Troop in the “From” row – use the search box if needed – click “Apply”; on the “To” row, click on the row with “Service Unit”, “Troop”, “Girl”
- Boxes will appear with the Service Unit and Troop number pre-selected; click on the Girl Scout you are transferring to and click “Apply”

- Put the number of packages you are transferring, by cookie variety, to the Girl Scout in either the “Packages” or “Booths Packages” column

Note: The difference between the columns is as follows:

- **Packages column – transferring packages to Girl Scouts with the financial responsibility being transferred with the actual number of packages**
 - For example, the troop has a booth sale with 100 packages, 80 are sold at the booth sale and 20 are unsold. A Girl Scout wants to take possession of the 20 packages and you would transfer them using the Packages column to note that they are responsible for the money being collected for those packages.
- **Booths Packages column – transferring packages to Girl Scouts with the financial responsibility NOT being transferred with the actual number of packages**
 - The previously mentioned 80 packages that were sold at a booth sale, you just want to give credit to the Girl Scouts for selling them, since money has already been collected, so you use the Booths Packages column to note this. No money changes hands at all in this transaction.

Note: If you do not know the actual varieties, just pick one and put in the total amount.

- Once the packages are entered, you can add any order notes (optional) and then click “Save” to complete the transfer.

You can then print a receipt for your records, go to the Manage Orders page, or click “Make Another Transfer” to stay on the page and do another transfer.

Girl to Girl (G2G) Transfers:

- Select “Girl to Girl” in the “Type of Transfer” box
- Click on the “From” row to select the Troop and Girl Scout to transfer from (Service Unit is pre-loaded) and click “Apply”
- Click on the “To” row to select the Girl Scout to transfer to (Service Unit and Troop are pre-loaded) and click “Apply”

- Put the number of packages you are transferring from one Girl Scout to another, by cookie variety, in the “Packages” column
- Once the packages are entered, you can add any order notes (optional) and then click “Save” to complete the transfer.

You can then print a receipt for your records, go to the Manage Orders page, or click “Make Another Transfer” to stay on the page and do another transfer.

Girl to Troop (G2T) Transfers:

- Select “Girl to Troop” in the “Type of Transfer” box
- Click on the “From” row to select the Troop and Girl Scout to transfer from (Service Unit is pre-loaded) and click “Apply”; the “To” row is pre-loaded

- Put the number of packages you are transferring from the Girl Scout, by cookie variety, in either the “Packages” or “Booth Packages” column (***see page 18 for the differences between the columns***)
- Once the packages are entered, you can add any order notes (optional) and then click “Save” to complete the transfer.

You can then print a receipt for your records, go to the Manage Orders page, or click “Make Another Transfer” to stay on the page and do another transfer.

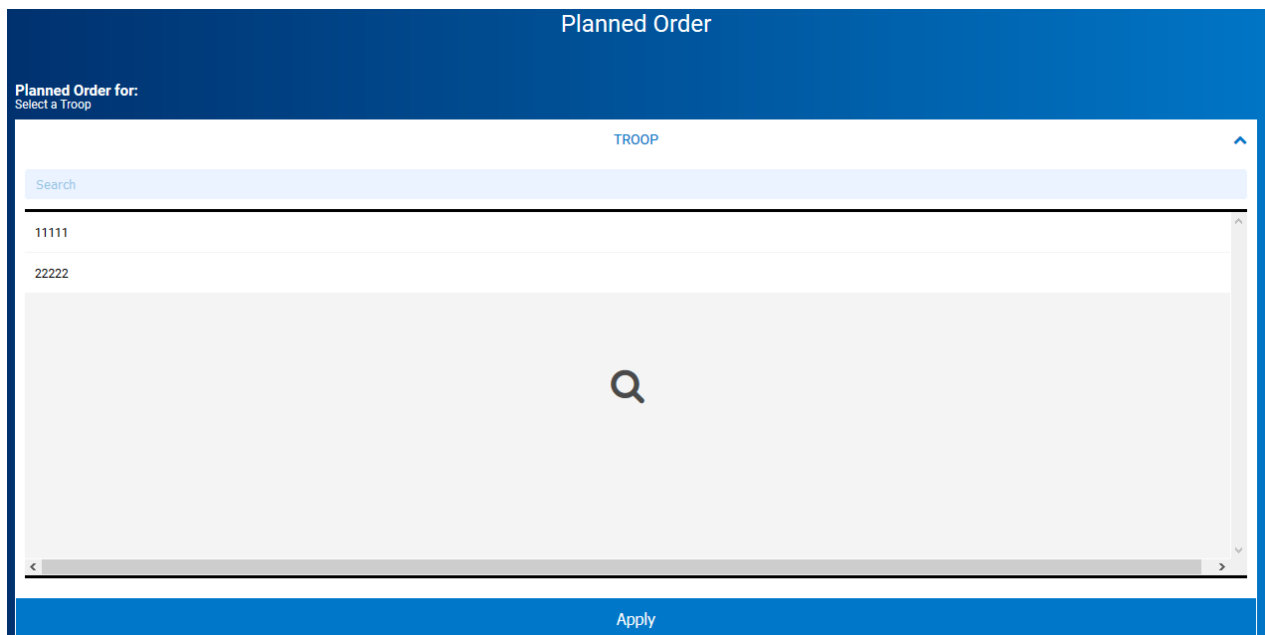

Important! Another transfer type you may see in the system is noted as C2T, or Cupboard to Troop, transfer. This is when a Planned Order has been picked up at the cupboard and the order has been approved by the Cupboard manager. Once this happens, the cases/packages are transferred FROM the cupboard TO the troop.

Planned Order

Planned Orders are cookie orders reserved for pick-up at Council and Home cupboard locations throughout the GSEMA Council footprint.

To create a Planned Order for a Troop:

- Hover over “Orders” and click “Planned Order”
- Select the troop in the box that appears and click “Apply”:

- Select the cupboard to pick-up from in the first box (a clickable Google map is shown to provide more location details) and click “Continue”
- Select the date to pick-up the cookies (only dates the cupboard is open are shown) and click “Continue”

Important! All orders for the upcoming week need to be in before 10PM on Sunday. If it is past 10PM, the dates for the upcoming week are removed and you will need to contact the cupboard if you need an order for that week.

- Select the time to pick-up the cookies (only times the cupboard is open are shown) and click “Continue”

Note: If you need to pick-up outside of your allocated time slot, please contact the cupboard. In most cases, changes in time can be accommodated easily.

At this point, you can edit the location, date, or time of pick-up by clicking any of the edit buttons:

TROOP 11111

Once you are satisfied with the location, date, and time, you can put in the details of the order.

Note: All Planned Orders are done in CASES; there are 12 packages in each case, for EVERY variety. If you are planning on picking up one case of Adventurefuls, enter 1 in the box of the column labeled, CASES. If you enter 12, you will receive 12 cases of Adventurefuls.

- Enter the number of CASES, for each variety, in the boxes under the “Cases” column:

Clear Quantities			CASES
	Adventurefuls	\$0.00	<input type="text" value="0"/>
	Toast-Yay	\$0.00	<input type="text" value="0"/>
	Lemonades	\$0.00	<input type="text" value="0"/>

	Peanut Butter Sandwich	\$0.00	<input type="text" value="0"/>
	Caramel Chocolate Chip	\$0.00	<input type="text" value="0"/>
Totals		\$0.00	0

- Enter the pick-up person's name and phone number in the "Order Notes" box:

Order Notes

Pick-up Person's Name and Phone Number

Note: The pick-up person does not have to be a member of the troop or a registered Girl Scout. As long as they know the troop number and have a valid ID, they can pick up the cookies.

- Re-check the order for accuracy and click "Save" when finished.

At this point, you can print a receipt for your records. You can also go to the "Manage Orders" page under "Orders", use the filters for Planned Order and see the order submitted in the system (*refer to pages 14-15 for more details*).

Note: Planned Orders will show as "Saved" at this time. This means the cupboard manager has not yet approved the order, because it has not been picked up. Once the order is picked up, the status will change to "Approved".

Virtual Cookie Share (also known as Cookies for a Cause)

Virtual Cookie Share orders are those that are designated as donation cookies and are ADDED to a troop's inventory. For example, if a customer wants to donate packages that a troop does not currently have, you can create this order to add-on packages for donation. The troop is financially responsible for these cookies.

Important! Troops do NOT "see" these packages, they go directly to the Council's pool of donation packages for distribution to Council partners.

Important! Any donation order type in Digital Cookie, except "Shipped with Donation", should have a Virtual Cookie Share order entered for those packages, since Smart Cookies does not automatically assign donation packages for those orders types (e.g. "Cookies in Hand with Donation", "In-Person Delivery with Donation", "Donation", etc.).

Note: If a troop wants to donate to their own local organization(s), they will need to set aside physical packages they own and deliver them whenever they see fit.

To create a Virtual Cookie Share order:

- Select the troop in your Service Unit and click "Apply":

- Enter the number of donation packages, by individual Girl Scout, in their respective rows:

Name	Total
Test Girl	2

Booth

Schedule Booths

The two different types of booth sales are:

- **Council-Organized Booth Sales (COBS)** – special partnerships setup by Council in order to hold booth sales based on a lottery system (sites include: MBTAs, certain Malls, and various business partnerships) – the list of these sites will be in the system and on the website, <https://www.gsema.org/en/cookies/program-resources/girl-scout-cookie-program.html>)
- **Troop Secured (also known as Town-Specific or Individual Town Booths)** – organized by a specific booth coordinator in your own town, or individually setup by troops reaching out to local places in the town to hold a booth sale

Note: Service Unit users are not able to put in Troop Secured booths through Smart Cookies, it is only a Troop function.

COBS Lottery Process

To add a troop to the COBS lottery:

- Click on “Booth” -> “Schedule Booths”; the following window will appear:

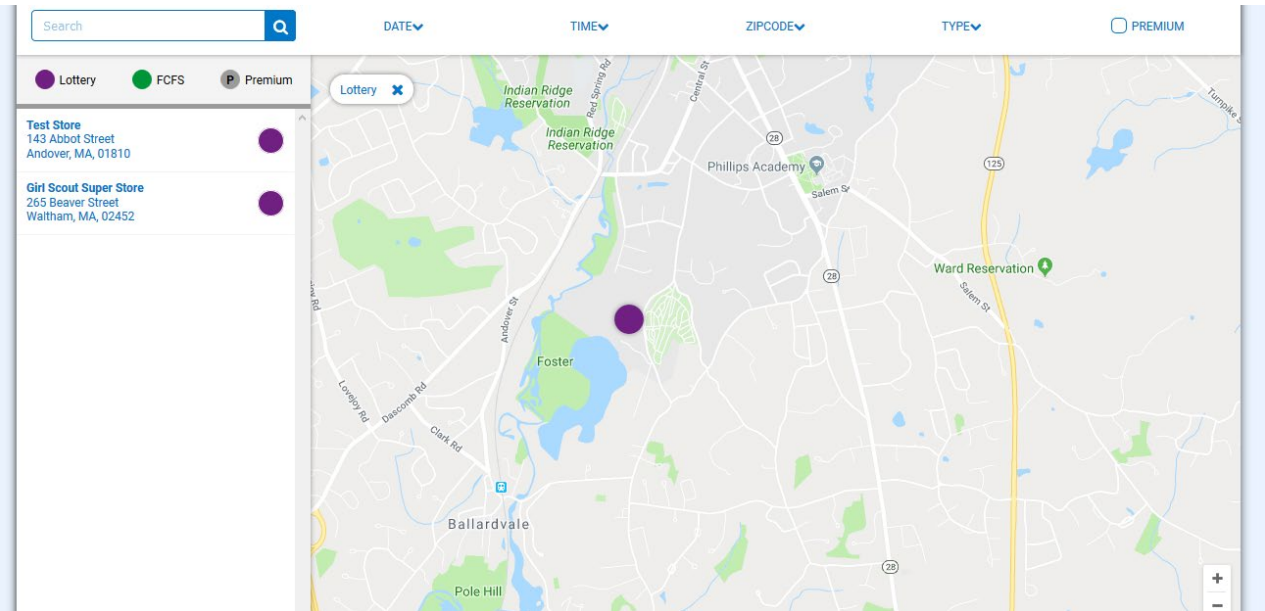

The screenshot shows a web interface titled "Schedule Booths" with a subtitle "Booth Locations". Below the title, it indicates the lottery is "Open: Lottery". The interface is divided into several sections:

- Open/Close Dates:** "Opens On: Jun 05 @ 08:00 AM" and "Closes On: Jun 30 @ 08:00 AM".
- Win Limits:** "Max Requests: 100", "Max Premium Wins: N/A", and "Max Total Wins: 3".
- Select a Troop:** This section contains three dropdown menus for selection:
 - DISTRICT:** Currently set to "No Specified District".
 - SERVICE UNIT:** Currently set to "Abington".
 - TROOP:** Currently set to a dropdown menu with a downward arrow.

Below these dropdowns, there are search bars and lists of available options for each category. The DISTRICT list shows "No Specified District". The SERVICE UNIT list shows "Abington". The TROOP list shows "11111" and "22222".

Note: This page will tell you if the lottery is currently open/closed and the open/close dates to make requests. This also tells you how many requests troops can have and the maximum number of slots troops may receive. Council does not designate any slot as premium; all slots are treated equally.

- Select a troop to make request for and click “Apply”
- Scroll down below the troop information and you will see a list of COBS sites to the left and a Google map (on the right) showing you the location of each site:

Note: There are additional filters you can use to designate specific dates, times, and locations (based on zip code proximity). There is also a legend above the list of sites that shows you if these sites are designated as Lottery or FCFS (First Come, First Served) – *more information about FCFS can be found on pages 28-30.*

- Click on the site you would like to request for the lottery; calendars will appear for the months the site is available – dates highlighted in blue let you know there are available times to request:

Note: In this example, you can see the type of request is “Lottery” and the status is “Requested”, this means the troop is currently entered into the lottery for these locations, dates, and times. You can also click on the three stacked boxes to the far-right to see more Booth Details, use the Smart Booth Divider (*more information on pages 31-33*), or Remove Reservation (Request):

Important! If for any reason a Troop cannot make a booth sale and they click to “Remove Reservation”, they will need to contact Council within 48 hours. If this procedure is not followed, the Troop is subject to losing the ability to participate in future COBS activities.

First Come, First Served (FCFS) Reservation Process

After the lottery has been run and slots filled by troops, a period known as First Come, First Served (FCFS) will be opened. This allows troops to reserve slots for different sites automatically, based on availability. Certain sites with specific dates and times are, sometimes, never requested for the lottery, so this period allows any troop to take any remaining slots (up to two per troop).

To request a FCFS slot:

- Click on “Booths” -> “Schedule Booths”
- At the top of this page you will now see the First Come, First Served period is open and for how long:

Scout One	2	2	1	3	0	2	4	3	2	0	19
Scout Two	2	2	1	3	0	2	4	3	2	0	19
Packages left to Distribute	1	0	1	0	1	0	0	0	0	1	4
Troop Total	4	4	2	6	0	4	8	6	4	0	38

Note: The Smart Booth Divider will split the packages evenly among the number of Girl Scouts selected. In this example, 42 packages total were to be distributed, 38 were actually distributed (or 19 per girl) and 4 are left over to distribute as the totals did not work out evenly for all cookie varieties.

- If there are red boxes left after automatic distribution (*see above screenshot*), you can manually add packages by clicking the boxes for each affected variety, for each Girl Scout
- After you have made the decisions, the table should look like this:

GIRL NAME	CShare	ADV	TY	LEM	TRE	TM	PBP	CD	PBS	GFC	PACKAGES SOL

Save

- Click “Save” to complete the distribution; you should see a box that tells you the distribution was successful

At the bottom of the “Booths” -> “My Reservations” page, you can now see the total distributions to date, by variety, dollar amount, and total packages sold:

CShare	ADV	TY	LEM	TRE	TM	PBP	CD	PBS	GFC
5	4	3	6	1	4	8	6	4	1

TOTAL BOOTH SALES: \$252.00

TOTAL PACKAGES SOLD: 42

Rewards

Recognition Orders need to be created so the Girl Scouts receive all of their earned rewards based on what they sold. ***Refer to pages 17-18 for the “Troop to Girl (T2G)” transfer process as the primary way for girls to receive credit for selling.***

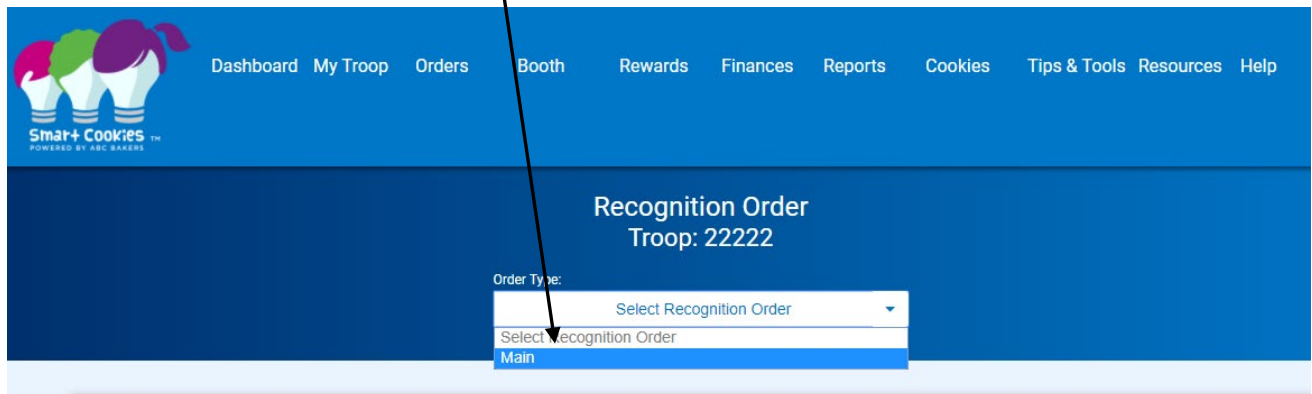

Note: The system automatically calculates MOST of the rewards in the incentive program. Council has special rewards that cannot always be calculated within the system (e.g. Crossover Patch).

Recognition Order

Note: Creation of the order is a one-time process. Once an order is created, you will not need to go back to the “Recognition Order” page. You would only be using the “Manage Recognition Orders” page after this time.

- Select a troop in the box at the top labeled “For:” and click “Apply”

- The troop number will be displayed at the top of this page; you will need to select the “Order Type” which is always “Main”:

- Once selected, you will see a list of Girl Scouts and possibly a ‘!’ icon next to anyone to tell you an action must be completed for them:

 lilly cookie	Packages sold: 170	UNREAD  
 Membership Test	Packages sold: 0	UNREAD 
 rose cookie	Packages sold: 0	UNREAD 

- Click the arrow icon to the far-right and this will open the Girl Scout’s reward summary:

Items	Extras
1 - 24 Packages sold	
25 - 100 Packages sold	
101 - 500 Packages sold	 

Save

- The ‘!’ icon will appear again to let you know which level(s) need the action taken:

Items	Extras
1 - 19 Packages sold	
20 - 49 Packages sold	
50 - 74 Packages sold	
75 - 99 Packages sold	
100 - 119 Packages sold	
120 - 199 Packages sold

Note: In this case, a choice needs to be made. Click on the radio button to select which reward the Girl Scout would like. If a size is needed (for a T-Shirt/Hoodie), the ‘!’ icon will remain there until it is chosen. Once all selections are complete, the ‘!’ icon disappears.

- Click “Save” to back out of the choices and return to the level page. Click “Save” again to finalize this Girl Scout’s rewards and then click the “Recognition Order” button on the top-left of the page to return to the Girl Scout listing:

Number Of Packages Sold Per Girl: **170**

Note: The Girl Scout listing also allows you to see which orders have been reviewed by denoting each one with “UNREAD” if it has not yet been viewed. To view, simply click the arrow to the far-right, as with the order above, and review anything entered for each Girl Scout:

 lilly cookie	Packages sold: 170	>
 Membership Test	Packages sold: 0	UNREAD >
 rose cookie	Packages sold: 0	UNREAD >

Click the “Manage Recognition Orders” button when done to see the status of the order and make note of this, as this is the page you will return to if any changes are made to Girl Scouts.

Recommended: Come here periodically as sales are entered for Girl Scouts so you can track their progress and make any decisions requiring your action.

Manage Recognition Orders

After the initial creation of the reward order, you will be using the “Manage Recognition Orders” page going forward.

A table will appear on this page which lists the reward order that has been created:

<input type="checkbox"/>	District ▼	SU ▼	Troop ▼	Type ▼	Date ▼	Number ▼	Cost ▼	Status ▼	
<input type="checkbox"/>	No Specified District	Abington	11111	Main	October 5, 2021	0000002	\$25.75	COMPLETE	  
Total Cost: \$25.75									

The Recognition Order table will include:

- **District (if applicable)** – this is a collection of multiple Service Units (towns) which act as a single entity
- **Service Unit (SU)** – alternate name for the town
- **Troop** Number
- Order **Type** – always “Main”
- Order **Date**
- Order **Number**
- **Status** – there are multiple statuses the order can have:
 - **INCOMPLETE** – means an action step needs to be taken before the order can be completed, such as a reward choice or t-shirt/hoodie size needs to be selected
 - **COMPLETE** – means all action steps have been taken and no changes have been made to Girl Scouts; no further action needed at this time
 - **S** – committed by Service Unit
 - **D** – committed by District
 - **C** – committed by Council; this will only happen at the end of the sale after all deadlines have passed and Council is ready to send off to vendor for fulfillment – **after this time, no changes can be made**

On this page, you can also click the pencil icon to the far-right to edit. Repeat the prior steps to edit/review the order.

Finances

Financial Transactions

The financial transactions page has two tabs:

- **Troop Transactions** – shows all payments for troops that have been received by Council, such as through ACH
- **Girl Transactions** – shows all payments entered by troops for Girl Scouts they have received money from

Note: This process is completely optional, troops only have to record Girl Scout payments if they choose to do so through the system. These payments have no effect on the overall troop balance, but they do affect the individual Girl Scout balances, which can be seen in the “Girl Balance Summary Report” (quick link below table).
